Update #4 June 2020

"Open the Door.... it may lead you to some place you never expected
and gives you more knowledge you never knew you could have"
Anonymous

Wednesday 10th June 5pm - 7pm is an opportunity to get everyone in the know about the Sturt's Steps Project, what it is aiming to achieve in infrastructure and tourism benefits for the region. It is also an opportunity to see some of the elements and have input on considerations for their development and implementation.

This is a FREE Information session and is available from the comfort of your house from in front of your computer.

[REGISTER for the community forum so you don't miss out.](#)

You can also keep up to speed on the project by reading our newsletters or [visiting the project website.](#)

We look forward to chatting to you on the 10th June and hope the long weekend is good to you all. Stay safe and well.

Lori Modde

Project Manager

Sturt's Steps Tourism Infrastructure Project on behalf of

Construction Businesses Wanted

If you have a business in construction, you can register your details to be sent 'requests for quotations' for any of the project elements. You must be registered to be eligible. Follow the link below to ensure you can apply.

Register your business

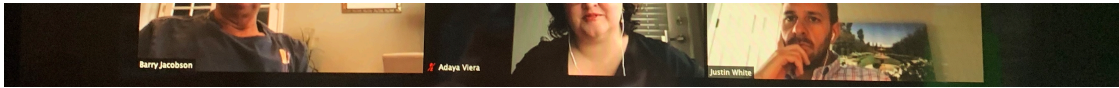

Sculpture Trail

One of the first elements to start its project timeline will be the instigation of 4 sculptures located across the touring route. Sturts Steps is working with West Darling Arts to bring the stories to life in sculptures as part of the Sturts Steps experience.

Keep an eye on our website

Book to Attend the Community Forum

It's free to attend and all you need to do is register to receive your login details to the first Community Forum. All you need to do is download ZOOM and then click the link you receive after registering. It's that easy. It's on the 10th June 5pm-7pm via Zoom.

Latest video update

Introducing the Committee

Every good project needs a strong committee that keeps the project on track, strong governance and able to see the big picture and we certainly have that with our great team.

Sturt's Steps Committee

As we build more and more experiences with this project, please share the content with potential visitors to the area. As this grant is an infrastructure grant we lack the ability to get the word out there but like any successful marketing, word of mouth and collaboration in communications is key. So please keep an eye on the social media pages that have been set up for this project and share to your own networks.

Please note that you have been included on this newsletter distribution for very good reason. The success of any project is dependent on ensuring that everyone is across what is happening so that as opportunities arise or potential problems are perceived they are brought to the attention of those that can influence the outcome. Please remember to reach out to the project managers at any time during this project delivery. [Click here](#) to contact the Project Manager. However if you would like to unsubscribe you can do so on the link above and we will be sorry to see you go.
