Update #3 May 2020

“Strength lies in differences, not in similarities”— Stephen R. Covey

Reflecting on Stephen Covey's famous quote, it is not only relevant to tourism experiences, where our travelling public look for different experiences to be had, but also is very relevant for this project right now where we are asking you to get involved in our very first ONLINE FORUM which is being held on 10th June 2020 from 5pm-7pm via ZOOM.

The Online Community Forum is designed to get everyone up to speed on the project and share some key activities that are happening but also get your feedback on some of the crucial elements of the project.

[REGISTER for the community forum](#)

Until then you can keep up to speed on the project by reading our newsletters or [visiting the project website.](#)

We look forward to chatting to you on the 10th June. Stay safe and well.

Work begins

The Milparinka Waterhole is the first to get underway on the ground, as the silt and rubbish is removed from this beautiful Outback oasis. Whilst it is not yet complete, the difference is already amazing with greater access and ready for the remediation on the banks.

SHARE CONTENT TO POTENTIAL VISITORS

WWW.FACEBOOK/GRUUPS/STURTSSTEPS

As we build more and more experiences with this project, please share the content with potential visitors to the area. As this grant is an infrastructure grant we lack the ability to get the word out there but like any successful marketing, word of mouth and collaboration in communications is key. So please keep an eye on the social media pages that have been set up for this project and share to your own networks.

Please note that you have been included on this newsletter distribution for very good reason. The success of any project is dependent on ensuring that everyone is across what is happening so that as opportunities arise or potential problems are perceived they are brought to the attention of those that can influence the outcome. Please remember to reach out to the project managers at any time during this project delivery. [Click here](#) to contact the Project Manager. However if you would like to unsubscribe you can do so on the link above and we will be sorry to see you go.
